

JENNY WREN AND HER BORROWED WINGS | BIOGRAPHY

Formed in October 2013, Jenny Wren and Her Borrowed Wings are made up of three established musicians who have already forged their own musical niches on the Americana/Roots scene. Band members include, Jenny Trilsbach on main vocals and double bass, Ben Fisher on resophonic guitar and backing vocals and Ben Gallon on the acoustic guitar and backing vocals. All three musicians write material for the band, each with their own style and flavour.

Within a few months of first playing together, Jenny Wren and Her Borrowed Wings were ready to record their debut album *DEAD MAN'S HAT*. Recorded over two days in Abbot Street Studios London, *DEAD MAN'S HAT* was released on independent record label Creature Records in May 2014. *DEAD MAN'S HAT* features eleven original songs that showcase the band's raw and emotional style and intricate musicianship. It was very well received and the band spent the remainder of 2014 and 2015 playing live shows and festivals across the UK and further afield for tours and festivals in France, Germany, Switzerland and the Netherlands.

2016 has brought great excitement for Jenny Wren and Her Borrowed Wings with the recording and release of their second album *A SOUP*. The intense flavours that make up the thirteen original songs on *A SOUP* have been matured and carefully refined during the band's extensive live performances.

Released on 1st NOVEMBER 2016 on Creature Records during the band's album launch tour in the UK, the band received a great response to their new album and enchanting live performance.

2017 shines brightly in the near distance for Jenny Wren and Her Borrowed Wings – already booked in for three European tours of Germany and the Netherlands, and the pot of new songs for album number three is fast swelling.
